Proposed Settlements of Contested Cases

**LAND AND WATER
MANAGEMENT
DIVISION
See Map No. - ⑩**

LITTLE SINGER ENTERPRISES, LLC, TORCH LAKE TOWNSHIP, ANTRIM COUNTY. Permit Application Number 05-05-0041-P. The Land and Water Management Division (LWMD) is proposing to settle a pending contested case with Little Singer Enterprises, LLC, (LSE) to construct a new single family residence on Lot 7 of Torch View Shores. The LWMD originally denied a permit application to dredge approximately 597 cubic yards from approximately 0.12 of an acre of wetlands, and place approximately 726 cubic yards of sand fill within approximately 0.15 of an acre to construct a 50 by 70-foot house, 26 by 36-foot garage, and a 26 by 36-foot parking area. The LSE also proposed to place a septic line, a 12 by 50-foot deck, and a 5 by 60-foot boardwalk in wetlands. Following LWMD denial of the original application, LSE revised the proposal. Based on the revision, the LWMD is proposing to settle this contested case by issuing a permit to construct a 38 foot by 70-foot residence, a 26 foot by-36 foot garage, a 12 by 70-foot deck, and a 5 by 70-foot boardwalk, all elevated on pilings in wetland. The permit would also authorize LSE to dredge original soils from and place clean fill for a parking pad within a 26 by 36-foot area located partially within regulated wetland, and install a septic line along an existing driveway on Lot 6 to an off-site drainfield location. Wetland impacts would be 0.02 acre impacted by dredge/fill, and 0.10 acre from elevated structures. A conservation easement is proposed to protect 0.63 of an acre of remaining wetland on Lot 7. Information Contact: **David Jentoft**, Land and Water Management Division, 989-705-3432, or Email at jentoftd@michigan.gov.

ENVIRONMENTAL PROTECTION ACT, 1994 PA 451, AS AMENDED. On October 3, 2007, the Department's proposed amendment to the Air Pollution Control Rules (SOAHR 2007-006EQ) was filed with the Secretary of State and became effective immediately. The amendment revises R 336.1660 and R 336.1661. The amendment to the consumer product rules adopt by reference the amended Ozone Transport Commission (OTC) Model Rule that was published September 13, 2006. The amended rules are intended to further reduce volatile organic compound emissions by including more products. The amended rules can be viewed on the Internet at www.michigan.gov/deqair (click on "Laws & Rules"). Copies of the amended rules may also be obtained by contacting the Air Quality Division, Michigan Department of Environmental Quality, 525 West Allegan Street, P.O. Box 30260, Lansing, Michigan 48909-7760. Information Contact: **Asad Khan**, Air Quality Division, 517-335-6825, or Email at khana@michigan.gov.

PART 111, HAZARDOUS WASTE MANAGEMENT, NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT, 1994 PA 451, AS AMENDED. The Michigan Department of Environmental Quality has developed proposed amendments to the hazardous waste management rules (SOAHR 2006-065EQ). These rules are necessary for the department to maintain its federal authorization from the U.S. Environmental Protection Agency. The amendments improve the overall quality of the rules; reduce regulatory barriers, resource demands, and some of the regulatory burdens on the regulated community; and provide flexibility, streamlined requirements, and the clarity necessary to alleviate confusion and inconsistent interpretations. A public hearing to solicit comment on the amendments will be conducted on October 23, 2007, 1:30 p.m., in Constitution Hall, ConCon Conference Room, Atrium South, 525 West Allegan Street, Lansing, Michigan. Copies of the amendments can be obtained via the Internet through the State Office of Administrative Hearings and Rules at www.michigan.gov/orr. Copies of the rules may also be obtained by contacting the Michigan Department of Environmental Quality, Waste and Hazardous Materials Division, P.O. Box 30241, Lansing, Michigan 48909-7741. Written comments should be sent to the address above and must be received by October 30, 2007. Information Contact: **Ronda L. Blayer**, Waste and Hazardous Materials Division, 517-373-9548. Decision-maker: **DEQ Director**.

MONTHLY AIR PERMIT APPLICATION WORKSHOP FOR FIRST-TIME APPLICANTS, CONSTITUTION HALL, LANSING, MICHIGAN. For most first-time applicants, completing the Permit to Install application is a daunting task. However, submitting a complete and timely application can be more manageable if you know what's expected. The Michigan Department of Environmental Quality is offering this workshop designed to give information on how to submit a complete permit application. Since this workshop is geared to first-time applicants, a significant portion of the session is devoted to your specific application. Air Quality Division permit engineers will be available to discuss your permit application with you one-on-one. To take full advantage of this time with the permit engineer, it is recommended you bring detailed information about your project with you to the session. This training is designed for first-time air permit applicants who need help completing their permit application; however, those who have applied before and need a refresher are welcome to attend as well. Online registration is available on the Web at www.michigan.gov/degworkshops, click on "Upcoming DEQ Workshops". Registration Fee: \$25, which includes parking in the Ellis Parking Lot on the east side of Constitution Hall and training manual. Information Contact: **James Ostrowski**, Environmental Science and Services Division, 517-241-8057, or Email at ostrowsj@michigan.gov. Registration Information: **Environmental Assistance Center**, 800-662-9278, or Email at deg-ead-env-assist@michigan.gov.
